

PROFESSIONAL SUMMARY

Django and React full-stack developer with 6 months of production experience building and deploying e-commerce web applications at Lagran Software Solutions. Skilled in Python, JavaScript, React.js, Django REST Framework, Django ORM, HTML5, CSS3, and Bootstrap. Experienced in converting Figma designs into pixel-perfect responsive templates and integrating them with live Django backends. Strong communicator with the ability to write clear documentation and collaborate effectively across teams. Actively seeking junior full-stack or backend developer roles.

TECHNICAL SKILLS

Programming Languages : Python, JavaScript
Frontend : React.js, HTML5, CSS3, Bootstrap, Django Templates, Figma (design handoff)
Backend : Django, Django REST Framework, REST API Development, Django ORM
Databases : MySQL, SQLite
Other : Node.js (familiar), Responsive UI Design, Version Control, Agile Basics

EXPERIENCE

Python Backend Developer <i>Lagran Software Solutions</i>	<i>Nov 2025 – May 2026</i>
- Built and configured custom Django Admin panels managing 4+ modules (products, orders, users, site content), significantly reducing manual content update effort. - Developed backend logic for e-commerce web applications using Django and Python, handling product listings, user sessions, and order workflows. - Designed relational database schemas and managed data operations using Django ORM, including migrations, queries, and performance optimisation. - Converted 10+ Figma UI screens into pixel-perfect, responsive HTML, CSS, and Bootstrap templates with minimal deviation from original designs. - Eliminated all hardcoded content across 8+ pages by implementing fully dynamic rendering using the Django template engine. - Connected frontend templates to Django views and models, enabling real-time dynamic content rendering throughout the application. - Implemented JavaScript for interactive features including form validation, dynamic UI elements, and improved user experience. - Maintained a clean, version-controlled codebase using Git and GitHub across the complete development lifecycle.	

EDUCATION

Government Arts College for Women	Master of Arts in English Pudukkottai, Tamil Nadu	<i>Sep 2022 – Apr 2024</i>
J.J College of Arts and Science	Bachelor of Arts in English Pudukkottai, Tamil Nadu	<i>Jul 2019 – Apr 2022</i>

PROJECTS

To-Do List Web Application <i>Django, Python, HTML, CSS, Bootstrap 5, MySQL, Render</i>	<i>May 2026</i>
- Developed a full-stack task management application that allows users to create, update, delete, and organize daily tasks efficiently. - Implemented Django backend with MySQL database for task storage and management. - Designed a responsive user interface using HTML, CSS, and Bootstrap 5 for seamless usage across devices. - Deployed the application on Render for live access and production hosting. - Role - Solo Developer - GitHub Link - <i>GitHub Repository</i>	
Personal Portfolio Website <i>HTML, TypeScript, CSS, Bootstrap 5</i>	<i>June 2026</i>
- Built a responsive portfolio website to showcase projects, technical skills, internship experience, and contact information. - Developed interactive and dynamic frontend components using TypeScript. - Utilized Bootstrap 5 and custom CSS to create a modern, mobile-friendly user interface. - Optimized website performance and navigation for improved user experience. - Role - Solo Developer - GitHub Link - <i>GitHub Repository</i>	

CERTIFICATIONS

Python Full Stack Development Certification	<i>2025</i>
- Completed comprehensive training in Python, Django, HTML, CSS, JavaScript, Bootstrap, MySQL, and REST APIs. - Developed full-stack web applications using Django and MySQL.	
DCA (Diploma in Computer Applications)	<i>2024</i>
Acquired foundational knowledge in computer applications, MS Office, internet technologies, and database management concepts.
