PROFESSIONAL SUMMARY

Full-Stack Developer specializing in MERN Stack Development (MongoDB, Express.js, React.js, Node.js) with hands-on experience building responsive web applications, RESTful APIs, and scalable frontend-backend solutions. Skilled in JavaScript ES6+ and API Integration, with a strong foundation in Frontend Development and Backend Development, reusable component design, and database operations. Effective problem solver who collaborates well in Agile/Scrum environments and writes clean, maintainable code for real-world software solutions.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), Java, C
- **Frontend Technologies:** React.js, React Hooks, React Router DOM, Context API, Redux, Redux Toolkit, HTML5, CSS3, Tailwind CSS, Responsive Design, Component-Based Architecture
- **Backend Technologies:** Node.js, Express.js, RESTful APIs, API Integration, Authentication, Authorization, CRUD Operations, Microservices, JSON
- **Databases:** MongoDB, SQL, MySQL
- **Tools & Platforms:** Git, GitHub, GitLab, Postman, npm, CI/CD
- **Cloud & Deployment:** AWS (Basic), Vercel, Netlify, Deployment, Version Control
- **Core Concepts:** OOP, Data Structures & Algorithms, SDLC, Agile/Scrum, Debugging, Troubleshooting, Performance Optimization, Clean Code, Problem Solving

EXPERIENCE

Software Developer Intern — Mowito Automation Pvt. Ltd.

Oct 2024 – Feb 2025

- Built and optimized full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js) following the software development lifecycle (SDLC).
- Designed and implemented scalable, reusable UI components to improve user experience and front-end maintainability.
- Integrated frontend and backend systems, ensuring seamless RESTful API communication and reliable data flow.
- Debugged and resolved issues across the application stack while optimizing performance through code refactoring and efficient database query design.
- Collaborated with the development team using Agile/Scrum methodologies, participating in daily stand-ups and sprint planning.
- Used Git and GitHub for version control and troubleshooting as part of a collaborative, team-based development workflow.

PROJECTS

AI Shop

React.js | Node.js | Express.js | MongoDB | REST APIs

[GitHub](#) | [Live Demo](#)

- Built a full-stack e-commerce web application using the MERN stack with user authentication and authorization.
- Developed RESTful APIs with full CRUD functionality for products, cart, and orders backed by MongoDB.
- Designed a responsive, component-based UI with client-side state management for a seamless shopping experience.

Court Click Assignment

React.js | JavaScript | REST APIs | Responsive Design

[GitHub](#) | [Live Demo](#)

- Developed a responsive React.js frontend application using component-based, reusable UI architecture.
- Integrated REST APIs for dynamic data rendering and applied performance optimizations for faster load times.

Resume Screening System

React.js | Node.js | Express.js | MongoDB | REST APIs

[GitHub](#) | [Live Demo](#)

- Built a resume screening application with file upload and resume parsing using the MERN stack.
- Developed REST APIs for frontend-backend integration and implemented CRUD operations for applicant data.
- Designed a responsive, database-driven UI to streamline resume review and management.

EDUCATION

Bachelor of Computer Applications (BCA) — Magadh University, Bodhgaya, Bihar

2024

Intermediate of Science — Mirza Galib College, Gaya, Bihar

2020
