EDUCATION

ARUNACHALA COLLEGE OF ENGINEERING FOR WOMEN

Kanyakumari, India

Bachelor of Engineering in Electronics and Communication Engineering

Graduated: June 2023

Relevant Coursework: Data Structures, Database Management Systems, Web Development, Software Engineering.

PROFESSIONAL SUMMARY

I am a passionate and detail-oriented MERN Stack Developer with around 2 years of experience, primarily focused on frontend development using React.js and TypeScript. I have strong experience in building scalable, responsive, and user-friendly web applications using modern frontend technologies. Skilled in developing interactive UI components, integrating REST APIs, and optimizing application performance. I have contributed to QuizCircles, an online quiz platform, where I improved user experience and implemented real-time features. I am a quick learner with strong problem-solving skills, committed to continuous learning and delivering high-quality, impactful software solutions.

WORK EXPERIENCE

PERFECT'Z DIGITAL (Software Development)

Dubai, UAE (Remote)

Software Developer

Jun 2023 – Jun 2025

- Developed responsive and interactive user interfaces using **React.js**, TypeScript, and Tailwind CSS.
- Built and integrated REST APIs with the frontend to enable dynamic data rendering.
- Optimized website performance by implementing lazy loading and image optimization, improving page speed score.
- Worked closely with backend developers using **Node.js** and **MongoDB**.

PROJECTS

QuizCircles – Online Quiz Platform

Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, AWS.

SEPT 2023 - FEB 2024

- Developed a frontend UI for a quiz hosting and playing system using **React.js**.
- Implemented real-time leaderboard updates using WebSockets.
- Improved user experience with responsive and optimized UI design.

Bookeezy—Car Service Booking Application (Admin Dashboard)

Tech Stack: React, Typescript, Tailwind CSS, REST API, Node.js, MongoDB, Git

MAR 2024 - MAY 2024

- Developed a responsive **admin dashboard interface** for a car service booking application using **React.js and TypeScript**, improving service management efficiency.
- Integrated **RESTful APIs** to fetch and manage booking data, customer details, and service status.
- Used **Git for version control** and followed best practices for scalable frontend development.

Voyager—Student Tracking Mobile Application

Tech Stack: Flutter, Dart

JUN 2024 - OCT 2024

- Developed a **mobile UI screen using Flutter and Dart** for a student live tracking application.
- Worked under senior developers and followed **team coding standards and best practices**.

WowCygnus – Ecommerce Web Application

Tech Stack: React.js, TypeScript, Tailwind CSS, REST API, Git

NOV 2024 - MAY 2025

- Developed a **responsive e-commerce UI using React.js and TypeScript** for product browsing and purchasing.
- Built reusable components for product listing, product details, cart, and checkout.
- Implemented mobile-friendly responsive design using Tailwind CSS.

SKILLS

Technical Skills: React.js, JavaScript, TypeScript, Tailwind CSS, Node.js (Express & NestJS), MongoDB, Jira & Confluence, Postman & Swagger, Dart, and Flutter.

Languages: English, Tamil

CERTIFICATION

Full Stack Web Development Bootcamp—MERN Stack

- Certified in MERN stack with hands-on training and practical project experience.
