Figma / PSD to HTML

Responsive Design

SOFT SKILLS

Attention to Detail

Creative Problem Solving

Team Collaboration

GAURAV SINGH

WEB DESIGNER

PROFESSIONAL SUMMARY

Web Designer with 1+ year of hands-on experience building responsive, user-friendly websites using HTML, CSS, Bootstrap, JavaScript, and React.js. Skilled in converting Figma/PSD designs into pixel-perfect, mobile-first web pages, optimizing performance, and ensuring cross-browser compatibility. Passionate about clean UI, usability, and modern frontend practices.

WORK EXPERIENCE

Web Designer Oct 2024 – Present
Optimiser Infotech Financial Services | Chandigarh

- Designed and developed 10+ responsive, mobile-first websites using **HTML5**, **CSS**, and **Bootstrap 5**.
- Implemented interactivity and dynamic features using **JavaScript** and **jQuery** to enhance user engagement.
- Successfully converted high-fidelity **PSD/Figma designs** into pixel-perfect, W3C-compliant web pages.
- Optimized website load speeds and ensured cross-browser compatibility for a seamless user experience.

KEY ACHIEVEMENTS

Project Delivery Excellence

Successfully delivered multiple real-world projects, transforming static design files (Figma/PSD) into fully functional, responsive websites that meet modern UI standards.
