Hosur, Tamil Nadu

2024 - 2028 (Pursuing)

XII (Senior Secondary) - Computer Science

National Matric Higher Secondary School

Rameswaram, Tamil Nadu

Mar 2024 | Percentage: 84%

WORK EXPERIENCE

LIT ACCOR PVT. LTD.

Frontend Developer (Internship)

Hosur, Tamil Nadu

sept 2025 (2 Month)

- Developed the application's frontend using React.js focusing on responsive UI and interactive user experience.
- Converted design mockups into fully functional React components aligned with project requirements.
- Worked with the development team to test, refine, and deploy frontend features smoothly.

PERSONAL PROJECTS

LegalOne-Hybrid Rule Based and Machin Learning Legal Drafting Engine

April 2026

- Hybrid AI system combining rule-based logic, RAG, and LLM for legal reasoning
- Automatically generates structured legal drafts from case facts
- Uses validation and retrieval to avoid hallucination and ensure accuracy
- Built with scalable architecture (FastAPI, Ollama, Docker, React) for real-world deployment

HelpOn – Smart Student help & Interacting Platform

Nov 2025

- **Centralized Doubt Solving Platform** – Allows students to ask questions and get answers in one place.
- **Real-Time Communication** – Includes section chat and chatbot for instant interaction and support.
- **Organized Learning System** – Uses courses and sections to keep content structured and easy to access.
- **Modern & Scalable Technology** – Built with React and Firebase for fast, secure, and real-time performance..
