

SUDHIR KUMAR

UI/UX Designer | User Research | Prototyping | Design System | Usability Testing

+91 9350222139 sudhir.kumar022213@gmail.com behance.net/sudhirkumar453

Bangalore, India

EDUCATION

Diploma in Automobile Engineering	
Government Polytechnic, Haryana	CGPA
07/2020 - 05/2023	6.67 / 10.00
12th in Commerce Branch	
Sh. G.R.S.D. Sr. Sec. School, Haryana	CGPA
04/2019 - 03/2020	6.20 / 10.00

PROJECTS

Tiny Trust - Mobile App UX/UI Case Study
01/2026 - 03/2026
- Conducted User Research, Competitor Analysis and User Interviews to identify user needs, pain points and improving the overall User Experience (UX) through User-Centered Design (UCD) and Design Thinking. - Created User Flows, Information Architecture, Wireframes, Low-Fidelity Wireframes, High-Fidelity Mockups, UI Designs, and Interactive Prototypes using Figma, applying Interaction Design, Visual Design, Responsive Design, and Mobile-First Design principles to deliver intuitive digital experiences. - Conducted Usability Testing, Heuristic Evaluation, User Testing, and Feedback Analysis with 5 users, analyzed usability issues, iterated design solutions, user satisfaction, task completion, and overall product usability. - Developed and maintained a scalable Design System with reusable UI Components, Component Library, Typography, Color System, Auto Layout, and Style Guides in Figma, ensuring design consistency.
Solar nova - Website UX/UI Case Study
04/2026 - 05/2026
- Designed clean, modern, and user-centered web experiences by applying User Experience (UX) principles, User Interface (UI) design and Responsive Web Design. - Combined Design Thinking, Visual Design, Interaction Design, and User-Centered Design (UCD) to create intuitive, visually engaging, and business-focused digital interfaces that enhanced user satisfaction and conversion. - Created Wireframes, Low-Fidelity Wireframes, High-Fidelity Mockups, Interactive Prototypes, User Flows, and scalable Design Systems using Figma, ensuring responsive layouts and design consistency. - Improved User Experience (UX) through User Research, Usability Testing, Information Architecture, Responsive Design, Problem Solving, and Cross-Functional Collaboration to deliver simple, functional, accessible, and impactful digital products.

Summery

Professional UI/UX Designer with Fresher in user-centered design, wireframing, prototyping, user research, interaction design, and responsive web/mobile applications. Skilled in Figma, design systems, usability testing, information architecture, and creating intuitive user experience that align with business goals. Strong understanding of UX research, visual design, accessibility, Agile methodologies, and cross-functional collaboration to deliver high-quality, user-focused digital products.

TRAINING / COURSES
