ABOUT ME

Enthusiastic and self-motivated B.Sc. Information Technology graduate with a strong interest in Full Stack Web Development. Skilled in HTML, CSS, Bootstrap, JavaScript, Python, Java, SQL and MySQL, with hands-on experience building web applications through Major projects. A quick learner with strong problem-solving abilities, eager to contribute to a dynamic team and continuously improve technical skills while delivering high-quality software solutions.

EDUCATION

2023 - 2026

TDMNS College, MS
University, Tirunelveli

Bachelor of Science (B.Sc) in Information Technology

Focused on Information Technology fundamentals, including programming, database management, web development, software engineering, and problem-solving through academic projects.

ACADEMIC PROJECTS

2025 - 2026

Major Project

ERP Management System

Technologies: Python, Django, MySQL, Apache

Developed a web-based ERP Management System to streamline organizational operations such as managing employee, student, and administrative records. Built the backend using Python and Django, integrated MySQL for database management, and used Apache for the local server environment. Contributed to database design, backend functionality, and user interface integration.

2022 - 2023

Naan Mudhalvan

To-Do list

Technologies: HTML, CSS, JavaScript

Built a responsive task management application that allows users to add, edit, delete, and mark tasks as completed. Improved understanding of DOM manipulation, event handling, and responsive web design.
