Summary

Entry-level UI/UX Designer with hands-on experience in user research, wireframing, prototyping, and design systems using Figma. Builds WCAG-compliant, mobile-first interfaces with structured developer handoff. Computer Science (Cyber Security) graduate.

Skills

Core : Figma, FigJam, Wireframing, Prototyping, Design Systems, Auto Layout, Grid Systems, Typography - Visual Design

Research - Testing : User Research, Usability Testing, A/B Testing, Persona Creation, Journey Mapping, Information Architecture

Delivery : Mobile - First Responsive Design, WCAG Accessibility, Annotated Developer Handoff, Agile Workflows

Experience

UI/UX Design Intern

July 2025 – Sep 2025

Zidio Development (Remote)

Tools Used: Figma, FigJam, AI Tools

- **Designed high-fidelity dashboards, landing pages, and mobile app screens in Figma** for an e-learning platform and a task management web app, streamlining core user flows and reducing navigation steps across key screens.
- Built and maintained a scalable, mobile-first design system — typography, spacing, reusable components — keeping UI consistent as both products scaled.
- Wrote structured developer handoff docs and annotated specs, cutting back-and-forth with engineering and speeding up implementation.

UI/UX Design Intern

May 2025 – June 2025

Cognifyz Technologies (Remote)

Tools Used: Figma, FigJam, AI Tools

- Ran user research and usability testing, surfacing friction points and translating findings into high-fidelity, responsive UI designs.
- Delivered pixel-accurate screens and component libraries for cross-device use, applying accessibility and responsive-design standards throughout.

Projects

Foodfam - Recipe Sharing App | *Figma*

Oct 2025 – Dec 2025

- Owned end-to-end design of a recipe-sharing app - research, personas, journey maps, wireframes, interactive prototypes — resolving search and navigation friction found in usability testing.
- Shipped a WCAG-compliant component system with a full developer handoff package (specs + assets), making the design build-ready.

BWstory - News App | *Figma, AI Tools*

Jan 2025 – Mar 2026

- Designed a full news-reading experience, wireframes to high-fidelity UI, built around reading-behavior research to improve content discovery and engagement.
- Created a dedicated typography/color system for long-form reading, plus category filters and personalized content surfacing.

Awards & Certifications

- **UI/UX Design Internship Completion Certificate – Zidio Development**
- **UI/UX Design Internship Completion Certificate – Cognifyz Technologies**
- **Figma UI/UX Complete Bootcamp :** Designed 5 job-ready projects covering end-to-end product design, wireframing, prototyping, design systems, and developer handoff using Figma.

Education

Computer Science and Engineering - Cyber Security

Graduated: 2025

Narsimha Reddy Engineering College
