PROFILE

Creative and detail-oriented UI/UX Designer with a background in Computer Science and hands-on experience designing mobile application interfaces. Skilled in creating intuitive layouts, prototypes and user-centered design solutions using Figma.

EDUCATION

B.Sc Computer Science

ST Hindu College, Nagercoil

2020-2023 | CGPA: 8.8

HSC

Isha Vidhya Matriculation School, Nagercoil

2018-2020 | Percentage: 75.5%

WORK EXPERIENCE

UI/UX Design Intern

Doztix, Kerala | November 2025 - May 2026

- Designed high-fidelity UI for a gamified exploration app, creating interactive challenges for real-world locations and modules like User Profiles, Achievements, and Travel Stats
- Developed user flows for photo/bill verification and in-app payments, collaborating with teams to iterate designs based on feedback and usability needs.

Quality Analyst

Eloiacs Software Pvt. Ltd., Nagercoil | Feb 2024 - October 2024

- Tested ePub files across iOS, Android, and desktop platforms.
- Identified formatting issues and tracked defects using JIRA.

PROJECT

Project Title: Careerly – Job Search Platform

- Designed a responsive mobile app and website focused on helping users discover and track job opportunities.
- Executed the full UX design process: conducted user research, built personas, mapped user flows, and delivered high-fidelity wireframes in Figma.

TECHNICAL SKILLS

- Design Tools:** Figma, Adobe Photoshop
- UX Skills:** User Research, Competitive Analysis, Persona Creation, User Flows, Wireframing, Prototyping
- Web Technologies:** HTML, CSS, Bootstrap
- Project Management & Programming:** JIRA, Python (Basics)
